The beginning of the new calendar year 2010, is also the end of the first school semester of the 2009/2010 school year in Pope John Paul II Polish School. Our school's program and goals is always subject to reevaluation by all of the teachers, and this goal requires that we devote our effort to analysis and finding ways to improve despite time constraints. Therefore, on January 16, 2010 all afternoon classes are CANCELLED. At that time we will have our regular teacher's conference to discuss our school's goals and program.

We wish to invite everyone to parent-teacher conferences in Romeoville on January 22<sup>nd</sup> and 29<sup>th</sup>, and in Lemont on January 23<sup>rd</sup> and 30<sup>th</sup>. They will take place during the last hour of planned classes. It is important that a dialogue takes place between parents and teachers, where we can exchange thoughts and experiences, hopefully leading to new challenges. We kindly invite all parents to take an active part in life of our school.
